## CONSTRUCTION BINS/ROLL-OFFS

# CONSTRUCTION BINS AND ROLL-OFFS

The City of West Covina has an exclusive franchise agreement with Athens Services to haul waste and recyclable materials from residential and nonresidential properties.

Construction waste, debris, and recyclable material collection and hauling by vendors other than Athens Services may be in violation of Municipal Code Section 12-17.

Collection bins or roll-offs, used for the collection and hauling of waste, debris, or recyclable material, located on residential or nonresidential properties, or public street and alleys must be secured from Athens Services.

Non-Athens bins or roll-offs found on residential or nonresidential properties, or public streets and alleys will be deemed an "unlawful bin/roll-off" and may be impounded. Any person or entity in possession, charge or control of such bins or roll-offs may be subjected to an impound fine of \$500.00 for the first offense and \$1,000.00 for the second and each successive offense thereafter.

Please contact Athens Services to order construction bins or roll-offs for your project.
