

Dear West Covina Day Care Parents:

As the City of West Covina continues to monitor information regarding COVID-19 there has been a directive from the Los Angeles County Office of Education to dismiss school from Monday, March 16 through Friday, March 27, 2020. The City has decided to extend this to all Day Care programming and will continue dismissal in line with West Covina Unified School District closures. Should we receive further information regarding an extended closure, we will notify you immediately. We thank you for your cooperation and understanding in this time.

In addition to Day Care closures, the City has closed all City Community Centers effective immediately through April 12, 2020, when we will reevaluate if the closures should be extended. All City sponsored events and public activities in this time will also be canceled.

In this time, Public Services staff, including day care staff, will be thoroughly cleaning all facilities to ensure the health and safety of our staff and participants upon their return.

Please visit the City website at www.westcovina.org for additional information regarding City closures and COVID-19.

Should you have additional questions or concerns, please contact the Public Services Department at (626) 919-6966.

A handwritten signature in black ink, appearing to read "Priscilla S. Perez", is written over a horizontal line.

Priscilla S. Perez

Community Services Coordinator
